PUBLISHED WEEKLY

— AT —

114 Nassau St., New York.

INDEPENDENT, FRATERNAL AND PROGRESSIVE.

D. H. WHEELER, D.D., Editor.

THE METHODIST is now in its Sixteenth Year, and has won for itself a name second to none among the great Religious Weeklies of the Country. It is and has always been edited with great ability; it represents the progressive and intelligent element in the Methodist Episcopal Church, and is thoroughly loyal to all its interests. THE METHODIST is one of the handsomest of the weeklies, gotten up in quarto form, contains twenty pages every week, leaves cut and backs gummed, and is well adapted to filing or binding.

During the year 1874, it has contained **Sermons, Notes of Travel** from all parts of the world, fresh and condensed **Church News,** a **Serial Story,** a **Complete Department for Children,** Expositions of the **International Sunday School Lessons, Essays** from many writers, and **Editorials** upon the **Current Religious** and **other topics** of the times. The same features will appear in the issues of 1875–6. No pains will be spared to make THE METHODIST a bright, cheerful, and welcome visitor to Christian families of every name.

The Methodist

PUBLISHED WEEKLY, AT No. 114 NASSAU STREET, NEW YORK.

H. W. DOUGLAS, Publishing Agent.

TERMS, Two Dollars and Fifty Cents per Year.

Postage, 20 Cents additional.

THE METHODIST takes rank with the first religious Journals of the country in character, influence and circulation; it represents the progressive and intelligent element of the largest Christian Denomination in the United States—a Church numbering nearly **10,000** regular ministers and nearly TWO MILLIONS OF MEMBERS. THE METHODIST is now in its 15th year of publication. It is one of the best and handsomest of the religious weeklies. Published in quarto form—20 pages weekly. Leaves all cut and backs gummed, admirably adapting it for filing and binding, and also most desirable in this form for advertisers; circulation extends into every State in the Union, and also the Territories and Canadas. It reaches the leading men of the denomination in all the great centers, and in the towns and villages of the country, and finds its way to the reading rooms of their public libraries and Young Men's Christian Associations, where it is read weekly by many thousands. THE METHODIST is the *only* Journal in the Methodist Episcopal Church which has a *truly national circulation*, in this respect differing materially from the official papers of the denomination which each circulates mainly in its section. THE METHODIST being an independent paper, circulates freely everywhere. We invite your attention to our **Liberal Advertising Rates.** Advertisers throughout the country will find in the columns of THE METHODIST a **first-class advertising medium,** as hundreds can testify who have tried the experiment; rates are moderate, as will be seen by reference to the following schedule of

ESTABLISHED JULY, 1836.

NO. 23 PARK ROW.

EVENING, SEMI-WEEKLY, AND WEEKLY.

POSTAGE PAID.

THE GREAT VICTORY.—Forty years ago the EXPRESS started upon its mission to represent the ideas of those who, in the spirit of our Constitution, desire the maintenance of Law and Order, the Equality of States, Popular Rights, the Education of the People, Freedom of Commerce, Religious Liberty, Specie Payments, the Protection of the Masses from Grinding Monopolies, Official Honesty and Efficiency, Social Integrity and Purity, and Love of Country. The EXPRESS has been true to itself and to those it has professed to represent. Its Cardinal Maxims have always been kept before the public mind, and its traditionary policy is once more accepted by overwhelming majorities in the nation at large. The EXPRESS may then surely rely upon an increased support from those who acknowledge the principles we have advocated and which are the necessity of the nation, the preservation of each State, and the security of the rights of each individual citizen.

OUR WEEKLY EDITION.—For the convenience of the Merchant, Banker, Manufacturer, Farmer, Retailer, and general reader, we condense in our Weekly Edition the latest news of interest to our City and Country Subscribers.

THE INVESTOR.—The financial reports of the EXPRESS have attained a reputation for accuracy and fullness which is acknowledged by the Banker and Investor accustomed to consult the daily record of prices of stocks, and the early information for their guidance often exclusively given in these columns.

THE MANUFACTURER.—We shall find space for the description of every new invention or improvement in manufactures. Our aim is to encourage and assist the American manufacturer to command trade at home, and to find a market for his goods in every part of the civilized world.

THE MERCHANT.—Wholesale and retail dealers will find in the market reports of the EXPRESS more full and reliable information, price lists, and market reports than in any ordinary daily paper in the State. The Weekly Edition is expressly arranged for conveying this information to Western, Southern, and Eastern buyers in the New York markets.

THE FAMILY.—By the exclusion of objectionable advertisements and other matter, the EXPRESS has always been a welcome guest in every family of refinement, and its social and religious intelligence has increased its acceptability.

Four Editions of the EVENING EXPRESS are published, between 2:15 and 4:15 P.M.

With the latest Political, Commercial and Marine News.

Latest Religious, Agricultural and Dramatic News.

The latest News by Telegraph from all parts of the United States and Europe.

THE

NEW YORK OBSERVER,

THE GREAT AMERICAN

RELIGIOUS AND SECULAR FAMILY NEWSPAPER.

ESTABLISHED IN 1823.

The NEW YORK OBSERVER, which is now in its Fifty-fourth year, was originally established on the solid principles of Bible truth; and, after laboring steadily and unfalteringly for *fifty-three years*, it rejoices to see sound, truthful principles growing and spreading throughout this whole country and the wide world. Let every good man take courage, and without flinching for one moment make it a point to disseminate, through all the world, pure, solid, useful information. Satan is busy night and day, with a thousand presses at his command. The people *will* read; let them have reading that is useful and good. We believe that more good can be accomplished, with any reasonable sum of money, by sending such a Family Newspaper as the

NEW YORK OBSERVER,

where it is not now read, than in any other possible way. It contains all the important secular news that can interest or instruct; so that any one who reads it is thoroughly posted. In addition, it is full of the religious news of all the churches and from all the world. From week to week it contains volumes of useful and entertaining matter, that can be had in no other shape, suitable for the various members of a family—the whole combined forming what we believe to be

The Best Family Newspaper that is Published,

supplying just what is needed in every Christian family, appropriate to be laid on the parlor table, and proper to be read at all times by every member of the household; containing no line that can injure.

The publishers point with satisfaction to the past as a pledge of the future, confident that a trial will prove what a subscriber says, that

"It is Good, and only Good."

It devotes four pages to religious news, and four to secular. Circulates widely among all the leading religious denominations. It is read by an influential class of people, who can appreciate what is worth having, and who are not slow to avail themselves of what is desirable. The advertisements include all the various branches of useful enterprise; books, schools, and literary matter occupy a prominent place. No medical advertisements, nor any of doubtful character, are admitted in its columns.

We do not run a benevolent institution, and we do not ask for the support of charity. We propose to make the *Best Newspaper* that is published; and we propose to sell it as cheaply as it can be afforded. Let those who want good, sound, sensible, truthful reading, subscribe for it, and let them induce others to do the same. We send no Premiums, no Pictures, no Chromos. We will send you the

NEW YORK OBSERVER one year, post-paid, for - - - - $3.15.

FACTS FROM THE HISTORY OF THE

NEW YORK OBSERVER.

The first number of the NEW YORK OBSERVER was published May 17th, 1823; and it is believed to be the only instance of a Religious Newspaper continuing its even course for over *fifty-three years* without a change of name, doctrine, intent, purpose or pledge from the date of its birth.

Its platform was substantially the same as that of the National Benevolent Institutions whose origin marks the first half of the present century. And the principles of Christian Union and co-operation, exemplified in the American Bible and Tract Societies, have been constantly advocated and illustrated in the columns of the NEW YORK OBSERVER.

The usefulness of the NEW YORK OBSERVER has become a matter of history. Its record is in the family, the church, and the state, in all of which it has sought to diffuse that intelligence and principle which will exalt, refine, and advance the highest welfare and happiness of man. In all these years it has been published with the design of making the reader wiser, better, and happier, and in its success its conductors have their reward. These years past are the promise of the future. A paper that has held fast to its integrity and purpose for more than half a century will not falter in its career in the meridian of its days.

During the first fifty years there were printed over **50,000,000** copies of the OBSERVER, reaching every part of the world, and read by millions of individuals.

The matter printed would suffice to fill more than **20,000,000** ordinary 12mo volumes.

In **1823** there was no religious newspaper in this City but the **Observer.** Now there are **100** religious papers and periodicals, and the **Observer** still takes the lead and claims to be **the best!**

Two great characteristics of the **Observer** have been **firmness and stability.** Founded on **Truth,** it has resisted all the assaults of error; and its subscribers take the paper **because of its sterling value.**

With an experience rarely equaled; with every facility for supplying just what is needed in every Christian family; and with a determination to be still more useful in the future; with strong faith in their work of diffusing intelligence and religious truth, the publishers of the

NEW YORK OBSERVER

hope to excel all that has been accomplished during the past, and to make it

THE BEST FAMILY NEWSPAPER,

filled with the religious and secular news that is desired in every family. **Pure—Sound—True—Reliable—Impartial—Comprehensive.**

Peculiar features of the

NEW YORK OBSERVER:

It is pure.
It is not sectarian.
It gives all the news.
It forms *two* weekly newspapers.
It contains reading for every one.
It costs less than one penny a day.
It publishes no medical advertisements.
It is read by the best men in the land.
It works for the union of all Christians.
It contains nothing that tends to harm.
It has letters from all parts of the world.
It has lived and proved its usefulness.
It is the **Best Family Newspaper.**

Conservative in its views, it does not run off after strange gods, but sticks to its purposes with unvarying steadiness. Its editorials are always able and earnest. The whole makes up a family paper that one who gets accustomed to reading it will not do without willingly.—*Daily Monitor, Elizabeth, N. J.*

It has the advantage of the best thoughts of a corps of editors, together with numerous correspondents from different parts of the globe. Its editor-in-chief, Rev. Dr. Prime, gives to it his personal attention, and his ideas and opinions are the fruits of years of study of one of the ripest minds.—*Monitor, Fall River, Mass.*

That staunch old religious newspaper, the New York *Observer*, is one of the largest and best papers published, and we are among those who believe that any family will be made better and happier by having such a paper. It was never more ably conducted or more worthy of liberal support than at present.—*Eagle, Pittsfield, Mass.*

We notice with pleasure the coming to hand of our valued exchange, the New York *Observer*, greatly improved in appearance by a complete new typographical outfit. "Next to a good conscience is a good newspaper," they say, and we know of none better adapted for the family to grow up under than the New York *Observer*.—*Record, Bloomfield, N. J.*

The New York *Observer* has acquired, at least, a national reputation for its religious consistency, editorial ability and literary merit. It stands in the front rank of religious papers, and commands the respect even of those who differ with its views. It is both metropolitan and cosmopolitan, and is replete with carefully selected news of all kinds from every quarter. The very names of S. I. Prime & Co., its proprietors, are a guarantee that as long as they conduct it, its reputation will be sustained. —*Daily Journal, Newark, N. J.*

Among all the weekly religious papers, we know of none more valuable than the New York *Observer*, the oldest in the country. It has an extensive circulation in this vicinity, and its friends were never louder in praise of its excellency than they are now. Its editorial conduct has always been marked by superior ability, and its contents generally evince a pure literary taste and excellent purpose. As a medium of general news the *Observer* is not surpassed by any religious weekly.—*Daily Journal, Elizabeth, N. J.*

Among our many weekly exchanges there is none that we give a warmer welcome to than we do the New York *Observer*. It has deservedly a large circulation among orthodox Christians of every name. It is not only a religious journal, but is one of the best weekly newspapers, giving the latest and most important news. The senior editor, "Irenæus," and his brother editor, "Eusebius," are among the greatest living travelers enrolled, and give us pictures, *true to the life*, of many parts of the world. They and their editorial associates possess rare editorial ability and skill, and they have among their contributors some of the most talented and gifted, both in and out of the pulpit. We warmly commend the *Observer* to our readers as a superior newspaper in religion, news and general literature.—*Standard, Fishkill Landing, N. Y.*

PRACTICAL EDUCATION.

The Metropolitan School for Business Training.

BUSINESS COLLEGE,

METHODIST BUILDING,

805 BROADWAY, corner Eleventh Street.

This institution, established in 1858 by its present owner and principal, affords the only complete course of study and practice in business affairs to be found in the city; and enjoys a patronage unequaled by any other similar school in the United States.

The college rooms for location, convenience of access, light, ventilation, commodiousness and beauty of arrangement and adornment are not to be excelled anywhere, while the appliances in all the departments and in every particular are such as will satisfy the most exacting. In short, the school in all its belongings is just what is required in a great cosmopolitan city, and is conducted upon a plan at once novel and sensible.

The following schedule of prices is a substantial reduction from former rates, and has been adopted to suit the exigencies of the times:

RATES OF TUITION—Payable in Advance.

One Term (12 Weeks),	$30
Two Terms (24 Weeks),	90
One Year (48 Weeks),	130

Only one month of vacation in the year, viz: August. Students may enter at any time during the school session with equal advantage.

Packard's Business College,

METHODIST BUILDING,

805 BROADWAY, cor. Eleventh Street,

FOR the training of Men and Boys in business affairs, including as special studies

BOOK-KEEPING,

PENMANSHIP,

ARITHMETIC,

PRACTICAL GRAMMAR,

COMMERCIAL CORRESPONDENCE,

COMMERCIAL GEOGRAPHY,

COMMERCIAL LAW,

MODERN LANGUAGES,

And such other incidental matters as are requisite to a complete and symmetrical business education.

This school affords extraordinary facilities for persons whose early education has been neglected, as well as for those who are well advanced in English studies yet lack the practical knowledge which they hope to acquire in business. Its advantages over the ordinary school, as also over practice in the counting-house, are apparent to any thoughtful person who will take the time and trouble to investigate.

The direct management of the school is in the hands of MR. S. S. PACKARD, who has had over twenty-five years' experience in this line of instruction, and is widely known as the principal co-worker with Bryant & Stratton in the establishment of their colleges, and more especially as the author of the Book-keeping series which bears their name.

Within the past two years Mr. Packard has assumed exclusive ownership and control of the College, and devotes his entire time to its supervision and advancement. It is his purpose and pride to place the institution bearing his name at the head of the line.

DECIDED IMPROVEMENTS PATENTED.

M. J. PAILLARD & Co.'s INTERCHANGEABLE and Self-Adjusting Cylinders (called REVOLVER MUSICAL BOX), for increasing the number of airs and rendering the instrument capable of many changes in tunes and melodies (with but a slight additional expense). This invention is a marvel of mechanical ingenuity, and has achieved a widespread reputation.

THE NEWEST FEATURE

Is the Graduating Scale (called SUBLIME HARMONIE), an improvement recently introduced and patented by us. This invention consists in combing the cylinder with two or more segments of combs of graduating notes, the vibration of which are of similar pitch, producing a clear and distinct harmony of sound never before attained in the old style of boxes.

OUR REPAIR DEPARTMENT.

Skilled workmen, especially educated in intricate repairing, are employed in our establishment, and all damaged or injured instruments intrusted to us for repairs will be put in workmanship-like order at a moderate charge.
